# Summary Statement

The academic year 2024-25 has been nothing short of transformative for Chorley schools. Not only have we celebrated the achievements of pupils and staff, but we have also marked 20 years of Chorley School Sport Partnership, a milestone that reflects two decades of dedication, innovation and impact. Since its inception, the partnership has inspired thousands of young people to embrace active, healthy lifestyles while developing confidence, resilience and essential life skills through sport and physical activity.

This year has reinforced the importance of physical education in line with government guidance, which highlights 60 active minutes each day and a minimum of two hours of high-quality PE per week. Looking ahead, national reforms and the re-emergence of School Sport Partnerships from September 2026/27 will open new doors to equity, quality, and sustainability ensuring every child, including those with SEND and from disadvantaged backgrounds, can thrive.

In preparation, we have strengthened collaboration across schools and community partners, expanded leadership and volunteering pathways for young people and introduced innovative programmes that connect health, wellbeing and academic success. This anniversary is not just a celebration, it is a launchpad. Together, we are shaping a future where every child in Chorley is active, healthy and inspired.
